

# Quality Shows

*Leather Cleaner is a special formula for cleaning and conditioning leather.* Designed to clean and condition smooth, protected or pigmented leather. Effectively and safely lifts dirt for easy removal. Replaces leather's natural oil improving its texture and appearance. A second application leaves leather with a rich, luxurious look. Does not leave an oily residue. Safe to use. Ready to use pH is 5.4

Not for use on suede, nubuck, or "naked" leather. Do not dilute Leather Cleaner. Apply with a clean terry cloth towel. Wipe leather and turn towel as it becomes soiled.
